

Clinic Staff

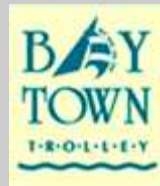

Our compassionate team of medical professionals can provide fast and effective healthcare in your time of need and includes:

- **Community Health Nurse** who will oversee the development of community partnerships with access to health care providers and monitor the health status of our patients.
- **Health Educator** who provides services to Bay County residents including free health classes for chronic disease such as diabetes and heart disease and education on local health care resources including tobacco cessation classes.
- **Registered Dietician** who provides nutrition assessments, counseling, education, and assistance in developing nutrition care plans.
- **Family Support Worker** who will work one-on-one with the clients to determine their care needs, locate effective primary medical care, enroll in a health insurance plan, and eliminate barriers to care.

Directions

The Bay County Health Department is located between Jenks Avenue and Florida Avenue at 597 W. 11th Street. The clinic is located across the railroad tracks from the Panama City News Herald.

When you have nowhere to go but the ER...

Ear Aches Fever Cuts Bruises
Sprains Sore Throat Cough
Headaches/Migraines Diabetes Infections
...our After Hours Care Clinic can help.

No Insurance? On Medicaid and Can't Find a Doctor?

The Emergency Room is no longer your only option. If you wish to escape the long waits and **do not have** a life-threatening injury, consider visiting the After Hours Care Clinic at the Bay County Health Department.

Our Dedicated Staff of Clinicians Are Here to Serve You!

1:00-4:00 PM • By Appointment Only
4:00-9:00 PM • No Appointment Necessary;
Walk-ins Welcome

Low Cost, Professional Care

The services at the Health Department are based on a sliding fee scale. The minimum charge for a visit is \$15 with the maximum being \$130.

What to Bring?

- Driver's License
- Social Security Card
- Insurance/Medicaid Card (if applicable)
- Proof of Income (paycheck stub, etc.)

If you lack proof of income, you may be charged the full fee of \$130. But, return within 72 hours with proof and the fee will be adjusted accordingly.

Located in the Main Clinic
of the Bay County Health Department.

But Wait, It Doesn't Stop There...

While our clinic goes beyond normal care services, we are not a medical home. Once your immediate need is met, we will provide assistance through professionally supervised management of chronic illnesses, such as diabetes, pulmonary disease, and cardiovascular disease. We will work to help you find a primary care doctor so you no longer have to rely on the ER for such management.

Prescription Assistance Program

Our Prescription Assistance Program (PAP) is expanding to assist eligible clients with obtaining the first month of prescribed medicine. Clients that need assistance beyond the initial 30-day supply will be enrolled into a long-term prescription assistance program.
